

Construction Update

Parkview Constructions continue to make impressive strides on all aspects of our development.

Both our Swaines Building and Coolaroo Building are on schedule. The most northern point of our Swaines building sees the concrete roof poured and complete, with the Northwestern section in the process of constructing the last remaining

decking, ready for the roof to be poured in early January 2024. Coolaroo building is also meeting target timelines with decking in progress on Level 3 ready for concrete pouring, also in early January 2024.

Overall, we are pleased with the status of the development, and we continue to be on schedule for overall completion late 2024.

Introducing Newgreens Chatswood

North Shore's Newest Golfing Destination

Newgreens at Chatswood is a visionary precinct being created for golfers, families, retirees and the local community.

A unique alliance between Chatswood Golf Club, Pariter and Watermark Living, Newgreens Chatswood will offer an unrivalled golf course and practice facilities, entertainment, recreation, dining and wellness, alongside luxury resort style living.

While this is the beginning of the Newgreens Chatswood story, when complete, this innovative, multi-faceted space will bring world-class amenities to Sydney's lower North Shore.

Its location could not be more perfect: five minutes from Chatswood CBD yet surrounded by a protected green valley overlooking Lane Cove River.
